Dear Sir/Madam,

Greetings from APSCHE.

I wish to inform you that APSCHE is collaborating with Andhra Pradesh Non-Resident Telugu Society (APNRTS) for the Welfare and Safety of Telugu students pursuing Overseas Education. Through this collaboration APSCHE & APNRTS aims to make a substantial contribution to the overall success and well-being of students seeking education overseas, with their lives secured under the Pravasandhra Bharosa Bima Insurance Scheme.

About APNRTS :

Andhra Pradesh Non-Resident Telugu Society (APNRT Society), a fully-owned entity of the State Government of Andhra Pradesh caters to the welfare, safety, service, development and association of settled as well as returning Telugu migrants from Andhra Pradesh spread across various countries.

As you are aware that Telugus from the state of AP constitute to about 8-10% of the Indian diaspora spread across the world and also that there is a huge potential of migration both for acquiring of skills, for working abroad both in skills and non-skilled sectors. In recent times, during few crises such as COVID-19, Russia Ukraine war, Sudan, Niger emergencies, deportation of students etc., it had been difficult to trace citizens/students due to lack of proper authentic data.

Further, APNRTS is keeping a record of data of migrants and students which is received from various Missions, PoE, APNRTS Coordinators, Govt. Departments, etc. on various occasions, however, it is very limited. APNRTS is also trying in all possible and reliable ways to collect authentic data of migrants and students which will be useful during unforeseen emergencies so as to enable APNRTS to build a single point NRT data base and we are in the process of collating data pertaining to NRTs abroad who include migrant workers, students, permanent residents, other country citizens etc.

APNRTS, through its Vidya Vahini program, is dedicated to assisting and facilitating the admission and pre-departure processes for students aspiring to pursue higher education in foreign universities. Upon completion of their courses abroad or during their last semester, we provide online IT training in advanced courses such as AWS, Block chain, Data Science, Python, Dev Ops, Artificial Intelligence, and Cyber Security. This service is offered to aid our students in securing employment immediately after their studies, contributing to their career progression. We anticipate that every outgoing student will become a member of

APNRTS, with the expectation that these students, upon becoming Non-Resident Telugus (NRTs), will avail themselves of GoAP services while actively contributing to the development and growth story of Andhra Pradesh.

APNRTS also provide the other support to the NRTs such as Pravasa Bhima Bharosa scheme, support in issues relating to migration including repatriation, deportation, amnesty etc., pre departure and post arrival orientation programs, etc.

In light of the above, APSCHE request the following support from universities

1) Promotion of APNRTS in Colleges and Universities: Permission to display APNRTS brochures and flyers at appropriate/prominent locations and notice boards within all colleges and universities to increase awareness and encourage student enrolment under Pravasandhra Bharosa Bima insurance Scheme

2) Mandatory APNRTS Registration before issuing Academic Transcripts: We kindly request that Universities instruct the Academic Transcript issuing section to make it mandatory for students planning to pursue higher education abroad to provide their APNRTS registration number during the processing of the transcript application.
